***Allowable Subject Matter***

Claims 1-42 are allowed.

The following is an examiner's statement of reasons for allowance: The best prior art of record, *Grunbok* neither discloses nor suggests within a personal financial management system, method or software program for recording, predicting, and comparing financial data, limitations wherein a planning analysis tool enables users to simulate financial activity and then within a budget analysis tool to compare current financial activity to simulated financial activity from a financial activity simulator showing both actual and simulated cash flows and enabling users to minimize differences between actual and simulated cash flows. No other art was identified disclosing these limitations that one of ordinary skill would combine with *Grubok*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
